“The Best Big Mountain and Little Ski Town in America” (Conde Nast)

Ski at the resort rated #1 in North America by readers of Conde Nast! Legendary Telluride is internationally recognized as an outstanding destination for snow sports enthusiasts. More than 2000 acres of skiable terrain, tree skiing galore, no lift lines, close to 300 inches of snow annually, all right beside a genuine Old West town with Victorian architecture and delightful restaurants. Need we say more? Okay... Take the Plunge to conquer steep bump runs, or enjoy the corduroy groomers, glades, and chutes. Cruise down Forever, a 3-mile blue run featuring breathtaking views. There is plenty of terrain for beginners to enjoy as well, like the 4.6-mile green Galloping Goose. We'll be staying in elegantly rustic 3-bedroom/3-bath condos at Bear Creek Lodge on the mountain where we'll have direct access to the slopes via funicular. Lodge amenities include 3 hot tubs, fitness room, spa facilities, free shuttle service to town gondola, free Wi-Fi, and an amazing outdoor heated pool! And there are plenty of non-skiing activities for your days off.
